

September, 2010

Dear CertainTeed Siding Products Group Customer:

We greatly appreciate the feedback that you provide to us as it plays a key role in our ability to become a better supplier to you. A recent example of this feedback has resulted in the following newly developed product. We are pleased to introduce a new soffit accessory:

- **3/4" H-bar (52507)**: designed to provide a better transition for our 3 1/3" InvisiVent® and solid soffit, making for a better fit and an easier installation. It can also be used as an accessory for Monogram®, Classic™ and Millennium® in horizontal applications and is available in six popular colors:
 - Colonial White
 - Desert Tan
 - Natural Clay
 - Sandstone Beige
 - Savannah Wicker
 - Snow

This new H-bar is now in stock and ready for shipment. Specific pricing and product code information will be sent to you shortly.

Once again, thank you for your continued support of CertainTeed and please continue to share your thoughts and ideas with us.

Sincerely,

Robert J. Rumer
Vice President, Sales
